

How to LOWER Windham's Residential Tax Contribution and still support our schools?

Submitted by Bob Higgins, Chair WEDC Communications Subcommittee

Supporting the Planning Board's Warrant Article #2 by creating the Market Square Overlay district encourages commercial development in town. Supporting commercial development is the only way to reduce the burden on Residential Property Owners. A developer has not yet stepped forward to build a Market Square type development. All this overlay district does is broaden our options and sends the message that Windham is Open for Business under the watchful eye of our Planning and Zoning Boards.

On March 8th, show your support by voting YES on Planning Board Warrant Article #2.

The mission of the Windham Economic Development Committee (WEDC) is to enhance the vitality of the local economy by supporting existing business and attracting new businesses to Windham, encouraging economic development consistent with the Windham Master Plan, and promoting the spirit of the Town Motto: Old Values, New Horizons.
