DRAFT MINUTES

Members Present: Beverly Donovan, Paul Gosselin, Sally D'Angelo

Meeting Opened at 5pm.

- 1.) **General Update:** The group discussed the progress of both Non-Residential Zoning District Subcommittee and Village Center District Project Subcommittee. Both committees are open to input from WEDC.
- 2.) **Design Review Subcommittee:** Sally reviewed the process of finding members of the community who would be open to joining the group. Paul announced that he was being interviewed on August 29th.
- 3.) **Applewoods Golf Course:** The group discussed the current zoning and whether or not the WEDC should put out a statement to the State (DOT, etc.) regarding the sale of the land, ensuring that the current zoning be a priority. The idea of somehow tying the sale to performance standards was floated. It was felt that the WEDC should discuss at a future meeting.
