

*Heritage Commission Meeting
February 4, 2009*

Present: K.Normington, N.Kopec regular members
B.Talbott, alternate member
C.Pynn regular member was also present but recused herself
D. Senibaldi Selectman liaison was not present

Meeting was called to review request for replacement of an element on a house on the Historic Resource List. The owners at **lot #21-X-1** wish to replace a portico over the front door. This portico was removed in 1982. Pictures from c.1900 and 1982 were displayed showing that this element had existed for many years. Pictures of other old houses in the area were also displayed showing similar protective overhangs. The ice buildup on the door and the door stone was hazardous and was causing damage to the house.

The Commission voted 3-0 in agreement with this request for replacement. A letter will be written and forwarded to the ZBA.

Respectfully submitted in draft form

Kay Normington
Vice Chair, Windham Heritage Commission
