---

**HIGHWAY SAFETY MEETING**

**May 17, 2023**

**Attendance:** Mike Caron, Tommy Sharpe, Dennis Senibaldi, Bob Coole, and Jack Cartland. Tom McPherson and Mike Geha were absent. Meeting began at 9:35 am at Windham Fire Department.

**PLANNING BOARD PLANS**

**NONE RECIEVED**

**HIGHWAY SAFETY ISSUES**

**BLIND CURVE – 52 MORRISON ROAD**

A request was received from a resident to post a “Blind Curve Ahead” sign near 52 Morrison Road. Chief Caron reported that there was little evidence in support of this request as there had only been 5 accidents near that portion of the road since 2016, and these were mostly attributed to slippery road conditions. Additionally, it was noted that traffic on Morrison Road is almost entirely comprised of local drivers who would be familiar with the road as the road is not conducive to through traffic. Chief Caron also reported that the subject curve is not a “blind curve” as it can be seen as it is approached from either direction.

Bob Coole made a motion to deny this request. Dennis Senibaldi seconded. The motion passed unanimously.

No other information came before the committee and the meeting was adjourned at 9:40 am.
