Meeting Minutes

Wednesday August 9, 2023 at 8:00 AM

Attending: Gary Garfield (Chairman), Matthew Swoboda Mark Samsel, Paul Brozo
Excused: Dale Valvo

8:02 Call to Order

The meeting started with a discussion on the history of the currently planned Route 111 Corridor Study starting with the September 30, 2019 meeting with the NH DOT representative Wendy Johnson meeting with Rex Norman, Dave Sullivan, and Gary Garfield.

We discussed the upcoming August 24 corridor study planning with Carol Morris, Brian McCarthy, Alex Mello, Mark Samsel Dale Valvo and Gary Garfield on the 24th. In this meeting, Carol Morris will explain how the NHDOT is coming on the Public Involvement Plan and what the Town needs to do to advertise open positions on the PAC to the public. Mr. Garfield stated that he would like to see up to 3 meetings open to the residents held in the high school auditorium.

We discussed the NHDOT and Carol Morris' role that will interpret what the town's wishes and not just one or two board members opinions, however we do not want them to finalize the recommendations portion of the study without consensus of the Town.

We discussed the importance of the Corridor Study focusing on resolving traffic conditions that will only get worse as more traffic is coming from Nashua, Hudson, Pelham, Londonderry, Salem, Derry, and Hempstead. Route 111 is a major east west corridor, and we have little control over the traffic coming from other towns.

9:00 Motion to adjourn by Mark Samsel, second by Matthew Swoboda, Motion Carries 4-0

Approved 9-6-2023 by a vote of 4-0-1
